### **Karaoke at the Park 2009**

---

Hi! I'm looking forward to karaoke dj /hosting this upcoming June during our annual picnic at the APG grounds. As usual I have lots of titles (1200) to sing along with. I'm forming a list of the karaoke tracts titles that maybe best sent ahead via this webmaster so that you can 1) anticipate your requests early and 2) i'm even taking feedbacks as to whether we can exchange tracts during the event.: bring your mp3 tracts and your usb memory disks! Just sound off and email me back.

I'd like to call on the good vocal cords /singers to show up and sing to their hearts content especially Joe Pacana (I have lots of Sinatra and Buble tracts), all the Nieto (Amy's Linda Ronstadt's "Someone to watch over me", Melani's "I stil believe", and Mark's "It Had better be tonight", Mar's list is just too long to mention), and the Geresano families members, Rey Viray ("Bridge Over trouble water"), The Napenas brothers (I have guitar background karaokes like "You Got a Friend", Everly Brother's songs, & Eagles), Hector Belarmino (I have some Billy Joel titles), Serg Mateo (I have several falsetto songs by the Bee Gees) and daughter Miss Mateo (I have Streisand, Whitney, Celine, Mariah & 2 hit songs by Leona Lewis), Paul (I have "What I did for love", "Vincent" which is my favorite too, I also have "Memory"), and Arnold Laud ( a dozen of Eagles songs), Ramon and daughter Miss Gaviola ("superstar", "everything I do", Mariah's "Hero"), Raul ? should sing Igllesia's "Hero" again. Beatles' and Elvis' hits too, etc.

We all have potential to be singers (even the tone deaf like ?Amin of American Idol of 4-5 years ago) - we just go thru stages - panahon panahon lang yan - "pa-weather weather" lang yan. So all are welcome to come forward and sing. Get over the shyness. Particularly those who are early in the stages of development towards becoming accomplished karaoke singer (we all are). I will help facilitate those early stage singers myself personally. I also need co-karaoke dj's /or understudy karaoke dj to help me, just step up and talk to me. thanks.

I hope the heat /weather is not as bad as last year, because I look forward for a bigger crowd, the more the merrier!
